Start time: 10:00 **End time:** 12:00

During the Erasmus day, students will make posters related to the 15th goal of Sustainable Development - Life on land. The aim will be to highlight the importance of protected areas of Croatia. The students will have a kahoot quiz about the protected natural heritage. Together with Petar Perić, coordinator of the European Schools for Sustainable Development project at our school, will present ppt and video of the protected natural heritage of Croatia during the mobility in Halmeu (Romania).
